To Whom It May Concern,

Accurate Metal Fabricating meets the requirements as an authorized applicator to apply PPG Industries Envirocron 03, Envirocron 04, Corafon Platinum powder products. Authorized applicators are audited on a routine basis and provide standard levels of process quality in applying coatings.

A thorough line evaluation and analysis of production pieces painted at their facility have met or exceed the requirements of the AAMA 2603, 2604, and 2605 specifications.

If you have any questions, do not hesitate to contact me.

Sincerely,
